

Organic Waste solutions for every kitchen.

ECOSAFE®

ZERO WASTE

FOOD SERVICES

Residential · Commercial · Institutional · Food Services · Maintenance · Events

Our turn-key solutions and illustrated posters make training, re-training and daily management of the programs as *Easy as 1-2-3.*

About the EcoSafe® Food Service System:

- ✓ EcoSafe® Compostable bags are tough with leak-proof star seals that help keep prep stations and public areas clean and odor free
- ✓ "Composter Approved" by the

Compost Manufacturers Alliance and Certified to meet ASTM D6400 Standards

- ✓ EcoSafe stocks a full range of sizes
- ✓ Made with extra strong leak-proof star seals
- ✓ The "Right-fit" ... for most bins and carts sold in North America
- ✓ Cross reference tables available on request
- ✓ Our proprietary Food Service

Dispenser makes bin maintenance easy and convenient saving time and money with the right bags in every bin

- ✓ Our online customer support center offers a Quick Start Guide that provides instructions and poster graphics for prep stations and public collection areas.
